High Water at Southport	7.47 P. M.
High Water Wilmington	10.47 P. M.

Mrs. Roosevelt has a new set of china, 800 pieces, for which Uncle Sam pays $30,000.

Mr. Henry Phipps, one of the Carnegie steel company magnates, has donated $100,000 to help the Boers along, which was very generous in Mr. Phipps.

A contemporary, speaking of the colossal pension bill this country is paying, asks, "where will it stop?" It will stop when the soldier vote ceases to be a factor in politics.

President Baer of the Reading, Pa., coal road, has ordered 500 tons of coal to be shipped to Philadelphia for the schools at ante-strike prices. Public opinion is getting in some of its work.

A French chemist has succeeded in making diamond dust with the use of electricity. He says that with such voltage as Niagara would give he could turn them out in big chunks.

President Estrada Palma wants the American troops to get out of Cuba, and nobody can see what particular business American troops now have in Cuba since Cuba is "independent."

Some of the papers are expressing surprise that the Republicans in Michigan show a preference for Gen. Alger for Senator. Why not. Isn't he a straight Republican, and hasn't he a "bar'l"?

Monday last hard coal retailed at $18 a ton in New York and soft at $7, and both hard to get at that. People on the East side, where most of the poor live, were paying in the small quantities they could buy at the rate of $30 a ton.

Lieut. Peary says if he had $200,000 he could capture the N. Pole. Let us chip in and raise it for him. We ought to have that old pole by all means before some blasted foreigner sneaks in and gets it.

Rev. Mr. Woolston, a Philadelphia prophet, gives the earth twenty years to run. By that time, he says, the gospel will have been preached to all the world and to every creature, and the programme will be complete. The Boxers do not seem to be much disposed to agree with Mr. Woolston.

Assistant Secretary of War, Sanger, has been warning employes in his department against partisan activity. And yet Secretary Root and nearly every member of the cabinet are on the stump, with the President temporarily laid off because of a disabled leg.

$3,317,300 EXPORTS.

Value of a Single Month's Foreign Shipment of Cotton from Wilmington.

EIGHT STEAMERS IN ALL.

Seven Remain in Port—Haxby Sails Today—News of the Markets and the Shipping—Yacht Roamer Here Bound South—Notes.

The foreign exports of cotton from this port during the month of September are unprecedented in the commercial history of the city, and are sufficiently large to make Wilmington up to this time rank third of all the ports in the United States. This statement is according to local Customs officials, who were asked about the matter yesterday. The exact export figures for the month are 74,340 bales, valued at $3,317,360, and this was carried in eight big tramp steamers—9,135 bales to Liverpool; 59,643 bales to Bremen, Germany, and 5,562 bales to Ghent, Belgium. Last year during the corresponding month only one steamer had been cleared, and that carried only 5,872 bales, valued at $251,500. The difference in the figures is amazing, and is accounted for partly in the fact that the year's crop is much earlier than usual. In addition to the month's foreign exports of cotton the British steamer *Torgorm* carried a cargo of gum logs to Scotland, which runs the total exports up to $3,346,534.

The eighth cargo for the month was cleared on the British steamer *Haxby*, Capt. Upperton, which will sail this morning for Bremen with 11,353 bales, valued at $510,000. With the passing out of the *Haxby*, two other steamers came yesterday to take her place, making seven in all in port. The arrivals were the British steamer *Veleta*, 1,937 tons, Capt. McMoran, from Norfolk for cotton, and the British tramp *Plympton*, 1,850 tons, Capt. Moon, from Hamburg to Heide & Co., with a cargo of kainit for the Virginia-Carolina Chemical Co. The receipts of cotton yesterday were only 3,658 bales, against 2,535 on the same day last year.

Harbor Master's Monthly Report.

The monthly report of Capt. Edgar D. Williams, harbor master, shows arrivals of vessels of 90 tons and over during the month of September to the number of 30. Fourteen of these were foreign tramp steamers, with a combined tonnage of 25,568. Last year only 8 steamers were reported during the same month. The arrivals of American vessels consisted of 9 steamers of 10,340 tons displacement; one barge of 3,000 tons and six schooners of 2,695 tons. The total of American vessels was 16, foreign 14. American tonnage 16,035; foreign tonnage 25,568. Grand total tonnage, 41,603. Last year the grand total tonnage of all vessels for September was only 27,463 and the number of all vessels was only 22. Almost as good showing is made in comparison with Sept. 1900.

Day's Minor Happenings on the Wharf.

The British steamer *Gladestry*, hence for Bremen with cargo of cotton, passed out at Southport at 9 A. M. yesterday.

Spirits turpentine closed yesterday firm at 47½ cents bid for machine made casks. Rosin was steady at $1.10@1.15. On the preceding day there was "nothing doing."

The handsome pleasure yacht *Roamer*, belonging to Capt. H. C. Roome, of New York, arrived yesterday awaiting favorable weather to proceed to Miami, Fla. On her trips North in Summer and South in Winter the *Roamer* has visited this port three times. Capt. and Mrs. Roome are aboard the yacht and are cruising simply for pleasure. They have planned a delightful cruise for the Winter. From here they will go to Miami, Fla., stopping at a few points en route. From Miami to Nassau, then to Cuba, and from Havana to Key West. Through the Gulf of Mexico to New Orleans up the Mississippi to St. Louis. Then up the Missouri to Omaha, Neb., back to the Mississippi then up to St. Paul, back down to the Illinois river, then up that river to Chicago. Out the Chicago river into the Lake and through Lakes Michigo, Huron, Erie, Ontario and then through the St. Lawrence river, Lake Champlain to Quebec, Gulf of St. Lawrence, to Nova Scotia and then down the coast to the New England States.

In Honor of Wilmington Ladies.

The *Progress*, published in West Philadelphia, Pa., has the following: "On Thursday, Sept. 25th, Miss L. B. Cooper, of 7002 Woodland avenue gave an afternoon Coffee, in honor of Miss Scott and Miss Perdew, of Wilmington, North Carolina. The tables were arranged in the east dining room, being elaborately decorated in green and white. After the feast the guests were presented with handsome bouquets of huge pyramids of fruit, intermingled with Fall flowers as souvenirs.

CELEBRATING ITS 10TH ANNIVERSARY.

Atlantic National Bank a Strong Factor in Local Financial World

The Atlantic National Bank, as will be seen by its advertisement in today's STAR, is celebrating this month its tenth anniversary. The figures submitted reflect, indeed, a signal degree of prosperity for that institution, whose assets have grown to $1,750,000, throwing perfect security around its depositors. The confidence in which it is held by the business interests throughout this southeastern section is evidenced by its enormous deposits of $1,375,000.

Since the last installment of the capital stock was paid in October, 1892, the Atlantic National Bank has returned to its stockholders the vast amount of $145,000, being $20,000 more than they paid in. There is small wonder that the stockholders are so thoroughly satisfied with their investment in this bank. The payment to the stockholders of this large amount has, however, in no way interfered with the accumulation of a large surplus fund, which now amounts to $155,000, a bulwark of strength in itself.

The Atlantic National is a home institution in every sense of the word, and the citizens have contributed their share to its wonderful success. The officers are J. S. Armstrong, president; Andrew Moreland, cashier, and J. W. Yates, assistant cashier; all residents of Wilmington.

The bank has always lent its aid to the promotion and advancement of any local enterprise needing financial assistance and its influence has been felt in various channels of trade and commerce. One year ago, the STAR is informed, the deposits of this bank were $1,180,000; to-day they exceed that figure by $185,000, and the month of October, 1902, finds the bank better prepared than at any time in its history to satisfy the demands and care for the needs of its large line of customers.

LOCAL DOTS.

— Cape Fear Lodge No. 2, I. O. O. F., last night conferred the initiatory degree upon 13 candidates.

— Policeman M. Padrick has resigned from the force to take effect today. The first "Sub" takes his place.

— The U. S. Engineers' Department has called for bids for extending the wharf at the army post at Fort Caswell.

— The police made 111 arrests during September. Forty-two of the defendants were white persons and 69 were colored.

— Clarendon Lodge, K. of P., met last night in the new Pythian hall in the Murchison Bank building for the first time.

— Repairs are being made to the wooden bridge over the Carolina Central railway tracks at the extreme end of Fourth street.

— The new steamer *Sanders* was brought up from Little River, S. C., by the *Compton* yesterday. Her machinery will be installed here.

— September was a banner matrimonial month for the colored people. The Register of Deeds issued 20 licenses to colored people and only 8 to white persons.

— Attention is called to the advertisement of the People's Saving Bank. A new interest quarter begins to-day, and there are facts in the advertisement worth investigating.

— Dr. C. S. Blackwell will conduct the prayer meeting at Southside Baptist church to-night. Rev. C. B. Paul, the pastor, is assisting in a revival meeting at Delgado mills every night this week at 8 o'clock.

— Mr. Asa W. Allen, the STAR'S efficient pressman, caught a 'possum at Ninth and Chesnut streets as he was coming down to work last night. Asa says the quadruped is not fat yet, but that he has penned him, and will betake himself to the country to-day in search of persimmons, that his captive may be in good order for Thanksgiving.

"NIGGER AT A MINSTREL SHOW."

"He Sat in the Very Front Row" and That Caused His Arrest.

John Wilson, a negro who drives a baggage wagon for Messrs. Orrell & Carroll, had a seat in the "peanut gallery" for the Black Patti performance in the Academy of Music Monday night. He was detected by Policeman Willis in spitting down on white persons occupying half of the parquet and was forthwith arrested and locked up. Yesterday at noon he was brought before the Mayor and Herbert McClammy, Esq., counsel for the Academy management, asked that he receive the full penalty of the law, at the same time explaining the heinousness of the offence.

The Mayor gave the prisoner 30 days on the roads. Wilson most solemnly avers that he was perspiring instead of expectorating; that he held his hat under his chin to keep it from trickling off his face and falling below and that so great was the jam behind him in the "buzzard roost" that he could not have moved an inch if the house had been on fire. That negro was in a woeful plight and there is said to be a strong probability that his story is true.

OVER TO PYTHIANS.

Town and Fullness Thereof Will Be Theirs During the Big Carnival Week.

ALDERMEN GRANT PRIVILEGE

Use of Sections of Front and Market Streets Allowed Them—More Machinery for Rock Quarry—To Lease Chesnut Dock.

Upon a request in writing from Aldermen Johnson, Bailey and VonGlahn and a call by the Mayor in pursuance of the same, a special meeting of the Board of Aldermen was held last night for the purpose of considering the granting to the Pythians the use of certain streets for their carnival in November; hearing a proposition from Messrs. Weedon & Skinner in regard to the purchase of additional machinery for the rock quarry, and for considering a proposition from Mr. B. F. Keith to lease the city dock at foot of Chesnut street and section of the thoroughfare leading to the same from Water street. The request of the Pythians was granted, but the other propositions were referred to the Streets and Wharves Committee for report and recommendation at the regular meeting Monday night.

At last night's session Mayor Waddell presided and all members were in attendance, viz: Messrs. Bailey, Johnson, VonGlahn, Spencer, Mann, Sweeney, Hashagen, Murrell, Tiencken and Cooper. No matters outside those named in the call were allowed to be introduced except by unanimous consent and that could not be obtained.

The petition of the Pythians for use of the streets was presented by Messrs. W. H. Yopp and T. D. Meares, who explained that the fair was for a benevolent and charitable object, therefore they would ask that the exhibitions be free of tax, etc., a concession which was granted to the Elks last season. They said they desired to use for carnival purposes Front between Walnut and Orange streets and Market between Water and Third streets. The privilege was unanimously granted. It was understood that the streets would be cleaned by the Pythians of all debris left by the various shows when the carnival is over.

Messrs. Weedon & Skinner submitted a communication in which they said that they find that the machinery at the rock quarry is inadequate to the work required by their contract with the city; as they desired to comply in every respect with the contract they would submit the following:

"We will put in sufficient machinery and at the expiration of our contract, we will give the city an option to buy it at cost, less wear [illegible] tended for two years beyond its present time of expiration, all the terms and considerations of the present contract to remain in force except the one as to it's duration. We believe it to be to the best interest of both parties to the contract to do this and we, therefore, request you to agree to it."

The matter was referred as before stated to the S. & W. Committee for report at the regular meeting Monday night.

Mr. Keith made application in writing to Chairman Johnson, of the Streets and Wharves Committee, for the use of Chesnut street dock and that part of the thoroughfare leading to Water street, which he said was not now in use and is a menace to the public. Mr. Keith agrees to rebuild the wharf and pay the city $50 per year for it for a term of eight years. This proposition likewise went to the committee after a somewhat lengthy discussion of the city wharf problem in general, during which Mayor Waddell took occasion to say that he believed it not to the interest of the city to own any of the docks.

"The sooner we get rid of this incubus the, better," said he. "The docks are out of repair, dilapidated and dangerous. We get nothing for them and therefore can ill afford to bear the expense of their repair. They are likely to get the city into all kinds of trouble."

He did not speak, however, with particular reference to Mr. Keith's proposition, in which it was agreed that there were some objections. Mr. Tiencken thought the price too low and the Mayor and several members of the board thought all streets should be open and at the disposition of the putlic. Mr. Mann called attention to the blocked condition of the wharves in the southern section of the city.

Mr. Sweeney inquired about the Market street dock fire arrangement, and Mr. Cooper, chairman of the Fire Committee, said he had, for the use of the wharf, made the same arrangements as to towing of fire lighters with Capt. J. W. Harper as had formerly existed with Capt. Ward before he sold the tug *Buck*. He also explained that Capt. Harper would keep the wharf repaired.

Mr. VonGlahn wanted to bring up a few minor police matters, but unanimous consent could not be had, and an adjournment was taken until Monday night.

Three Charges of Larceny.

Nelson Jenkins, charged with the larceny of a pair of pants from Joe Simon, the Syrian, and Carrie Stewart and Mary Crawford, charged with the larceny of an amount of money from a colored man, were lodged in jail by Constable Sheehan yesterday. They will be given a preliminary hearing in Justice Fowler's court today.

A. C. L. ACQUIRES THE LOUISVILLE & NASHVILLE.

Member of J. P. Morgan's Firm Admitted the Deal Last Night—Details Are Only Meagre as Yet.

That the Atlantic Coast Line Railroad Company has taken over the Louisville and Nashville is now a certainty. The announcement does not come from Coast Line sources, but from the controllers of the acquired system. The following Associated Press telegram received from New York tells the news:

"NEW YORK, Sept. 30.—It was stated on reliable authority to-day that J. P. Morgan & Company exercised their option on the Gates-Hawley holdings of Louisville and Nashville stocks and that this stock had been transferred to Atlantic Coast Line interests.

"In announcing the close of the Louisville and Nashville deal George W. Perkins of J. P. Morgan & Co., said:

"The Atlantic Coast Line Company is going to take 306,000 shares of Louisville and Nashville stock. A syndicate has been formed to take over the shares, and the terms as previously announced, $150 per share were correct."

"Mr. Perkins would not say what provision had been made for the protection of the minority interest, but it was stated by another member of the Morgan firm that the rights of every shareholder in that company would be conserved."

SAD DEATH OF A YOUNG BOY.

Master George William Dent Passed Away Yesterday—The Funeral To-day.

Numerous friends in the city and elsewhere will deeply sympathize with the sorely bereaved family in the sad death of Master George William Dent, the 15-year-old son of Mrs. Addie Dent, which occurred at 5:50 o'clock yesterday afternoon at the family residence, No. 311 Campbell street, after seven weeks' illness with typhoid fever.

George would have been fifteen the 12th day of October and was entering upon a young manhood of bright promise. He was good-natured, jovial, generous, and had other qualities which drew to him a circle of young friends in which he will be sadly missed. He was the pride of his mother's heart and to him his next brother, Melvin Dent, and his two half brothers, Messrs. W. R. and J. L. Middleton, were especially devoted. He was a member of Miss Mary Culbreth's Sunday school class in Grace M. E. Church, and there he gained the first knowledge which has secured for him a place in Heaven. His death is one of the saddest that has occurred in Wilmington for some time.

The funeral will be held from Grace Church at 4 o'clock this afternoon and the remains will be laid to rest in Oakdale.

"A RUNAWAY MATCH."

Praised by Raleigh Press—Coming Here Thursday Night.

To-morrow night at the Academy of Music the breezy comedy, "A Runaway Match," will be presented by an excellent company. The press praises both the play and players, the Raleigh *News and Observer* saying:

"'A Runaway Match,' at the Academy of Music last night, was a side-splitter, and a clean one at that. The mix-ups are ludicrous, and will make you laugh, whether you will or no. The wonder was how they ever got straight. They make you forget all your troubles for awhile, and that is goodly praise. The parts were well taken and everything was cleverly done.

"The vaudeville acts by members of the company were exceedingly clever and served to relieve the continued merriment."

This morning seats will be on sale at the Academy's down-town box office at Plummer's.

PRETTY HOME WEDDING LAST NIGHT.

Miss Kate C. Monroe Joined in Marriage to Mr. J. B. Barnes.

At the residence of the bride's parents, Mr. and Mrs. John W. Monroe, No. 316 North Second street, a very pretty wedding service was performed last night at 9 o'clock by the Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, when Miss Kate C. Monroe was led to the hymenial altar by Mr. James B. Barnes, formerly of Birmingham, Ala., now a valued employe of the A. C. L. in the coach building department.

The home was very prettily decorated and brilliantly lighted for the ceremony, which was followed by an elaborate wedding supper. The attendants for the service were Miss Julia T. Hand, cousin of the bride, maid of honor; Mr. James W. Monroe, brother of the bride, best man, and little Will Galpin Monroe, nephew of the bride, ring bearer. Only relatives and a few invited friends were present to witness the charming event.

Mr. and Mrs. Barnes will reside at No. 312 North Second street.

Low Rates to Washington and New York.

To Washington and return $10.00. To New York and return $20.00, via the Atlantic Coast Line. Tickets to be sold October 3d, 4th, 5th and 6th, good to return October 15th, 1902.

Final limit of Washington tickets can be extended to November 3rd by depositing tickets with the Joint Agent, Washington, and paying 50 cents; one stop-over in each direction. †

'TIS MOVING DAY.

Changes in Places of Abode Which October the First Has Wrought.

FEW REMOVALS THIS YEAR.

Most of the Business Houses Will Remain as They Now Stand—Lists as Furnished by Wilmington's Enterprising Agencies.

To-day—Oct. 1st—is moving day. The furniture van is abroad in the land and to-morrow those whom you have known as neighbors before, you will know no more. At least that is the condition that will be thrust to-day upon most sections of the city where renting is done to any extent.

Real estate men say there are fewer changes this year than ever before and this is especially true of business houses. With the advance in rates, when removals are made, and the great cost of this and that little thing that has to be provided for the new abode that was not required in the old, people find it less expensive to remain where they are. With a view to finding out where everybody will be at home after to-day and letting their friends know the same, a reporter visited the real estate agencies yesterday and procured the following list which will be found pretty nearly, if not entirely, correct:

Maj. D. O'Connor's agency:

James A. Smith & Co., will open music store at southeast corner of Front and Ann.

Mrs. Annie McQueen from Seventh, between Chesnut and Grace to 911 Market, formerly occupied by Mr. J. W. Barnes.

Mrs. Roger Moore from 113 Chesnut to N. E. corner Third and Church.

W. H. Northrop, Sr., from the sound to 113 Chesnut.

J. P. Jones, 320 South Sixth to to Fifth, between Church and Castle.

R. L. Jackson, of Savannah, to 310 Grace.

W. E. Pickard, 310 Grace street to S. W. corner Fourth and Grace.

L. H. Simmons, from S. W. corner Fourth and Grace to Princess between Fifth and Sixth.

W. G. Farmer to 211 North Fourth.

Capt. J. W. St. John to Mrs. Dean's residence, Fifth between Orange and Ann.

R. F. Hamme, hat store, 26 North Front to 24 North Front.

B. F. Gore, from Brunswick to 110 South Sixth.

Joe Simon, Syrian merchant, from Front between Orange and Ann, to Wilmington Iron Works store.

Andrew Moreland, from St. James' rectory on Market street to 108 South Third, lately occupied by E. F. Kitson.

J. K. Crump of Savannah, to 417 Martha E. Reilly, who goes to residence purchased at 413 North Fourth.

Mrs. Annie E. Gilbert, from Kenansville, to O'Connor residence, 110 Princess.

M. C. Kreeger, of Savannah, to 301 South Second, the "Moran residence."

W. A. Eckels, junk dealer, from North Water to store under Rock Spring hotel, Chesnut street.

Mrs. M. E. McGirt, 110 South Sixth, to 326 South Fourth.

Singer Sewing machine office to orignal stand at 115 Market street.

The agency of J. G. Wright & Son reports:

E. L. Matthews to Seventh, between Chesnut and Mulberry.

A. C. Shannon, of Savannah, from N. W. corner of Front and Walnut to Seventh, between Grace and Walnut.

A. C. Everett, Third, between Church and Castle, to Seventh, between Chesnut and Mulberry.

R. O. Vaughn, 14 North Fourth to N. E. corner Second and Walnut.

Dr. W. C. Galloway from N. E. corner Second and Walnut to Front, between Nun and Church, the "Kerchner residence."

Reuben Grant, 616 Red Cross to S. E corner Fifth and Walnut.

E. C. Craft, S. E. corner of Eighth and Market to Chesnut, between Fourth and Fifth.

J. J. Joye, Church, between Front and Second to Eighth, between Market and Princess.

J. L. Jordan, 12 North Eighth to N. W. corner Chesnut and MacRae.

R. M. King to Red Cross, between Front and Second.

George R. Bate, S. E. corner Seventh and Chesnut to N. E. corner Fifth and Walnut.

Mrs. Julia A. Harrison, Princess between Fifth and Sixth to 14 North Fourth.

Standard Supply Co. to store next to Water and Mulberry.

D. N. Stanley to Second between Nun and Church.

Mrs. Mary Sorensen, from Southport, to 118½ Market.

H. O. Wallace, to Walnut between Third and Fourth.

C. H. Carr, to Fifth between Walnut and Red Cross.

Williams Bros., wholesale grocers, 16-18 North Water to 210-212 North Water, formerly occupied by Willard Bag & Mfg. Co.

S. A. Schloss, music store, 219 North Front to 111 Princess, in Smith building formerly occupied by Ludden & Bates.

Turrentine Light Co., 217 North Front to 106½ Princess.

J. S. & W. A. Canady, new drug store, at 108 Princess.

J. H. Ottoway to Third between Church and Castle.

J. H. Webb, from Cronly, to over Nutt's drug store.

J. Sirkuse, Syrian merchant, Front street next to Bellamy's drug store.

J. D. Thompson, of Savannah, to Walnut between Sixth and Seventh.

W. P. Oldham, 216 North Third to Second between Orange and Ann.

Chas. L. Glover, Savannah, to 410 Walnut.

R. A. Brand, Savannah, to Dock, between Fifth and Sixth.

Mr. W. M. Cumming is interested largely in buying and selling, as will be seen from an "ad" in another column, but he has a large renting list also, with few October changes. Some of them are:

James C. Munds, from Walnut, between Front and Second.

P. Q. Moore, 425 South Third, to residence above.

C. M. Butler, from Second, between Ann and Nun. Secretary Charles Dushan, of the Y. M. C. A., goes in the vacated residence.

E. D. Hall, Savannah, to N. E. corner Front and Ann.

T. C. Bray to S. W. corner Fifth and Walnut.

J. T. Lanier, to S. W. corner Seventh and Walnut, from Grace, near Fourth.

Andrew J. Howell, to Church, between Front and Second.

W. F. Morel, Savannah, to Front, between Orange and Ann.

Mr. J. M. Bunting was another dealer with a large renting list, but few changes. Mr. J. N. Brand goes into one of the new residences on Chesnut, near Fifth; Mrs. Wade goes to 408 North Front, and Mrs. M. V. Byrd goes to 12 North Eighth.

In addition to the above lists there are several other business changes, which have already been noted.

PERSONAL PARAGRAPHS.

— Mr. George A. Jones, of Ivanhoe, accompanied by his bright little six-year-old son, was a visitor at the STAR office yesterday.

— Mrs. H. B. Kopf, after a delightful visit to her parents, Capt. and Mrs. J. W. Plummer, has returned to her home in Newark, N. J. Her sister, Miss Nellie Plummer, accompanied her home and will be her guest for some time.

Telephone Underground System.

Two car loads of creosoted conduits in which the wires of the Bell Telephone Company will be laid underground, have arrived and work will begin very soon on the improvement. Mr. McManus, the local manager, said last night he could not say just when the work would begin but it will be very soon.

First Church of Christ, Scientist, Murchison bank building on Chesnut street. Services this evening at 8 o'clock. All are invited.

LOW ROUND TRIP RATES VIA Atlantic Coast Line.

To Washington - - $10.00
To New York - - - $20.00

Tickets on sale October 3rd, 4th, 5th, 6th, good to return until October 15th.

Do not delay getting your Pullman accommodations.

A NOVELTY.....

In order to determine the comparative values of our daily papers as a medium for advertising, and to have the people see the Finest line of Furniture ever shown in North Carolina, and as fine as they can find in New York City, I will, during the month of October have in my store a box in which any visitor, whether a buyer or not, may place a slip on which they will write name and address and name of paper in which they saw this notice, and on the 1st of November the box will be well shaken and one slip drawn from same. The party whose name is on the slip will receive as a souvenir of this ad. the Handsome Gold Musical Chair, which has attracted so much atten. Non-residents may mail their slips, which will be placed in box, but residents of city must visit the store in person.

Deposited with us to-day, Wednesday, October 1st, will draw interest at 4 per cent. per annum from to-day, compounded in three months.

The People's Savings Bank,

Opposite the Postoffice,

H. C. McQUEEN, President. JNO. S. ARMSTRONG, Vice President.
oc 1 tf F. W. DICK, Cashier.

TENTH ANNIVERSARY.

This month the ATLANTIC NATIONAL BANK celebrates its tenth anniversary. During all these years its record has been one of unbroken success.

To-day its assets, $1,750,000, tower above those of any other bank in North Carolina.

To-day its deposits of $1,375,000 largely exceed those of any North Carolina bank without exception.

It has paid to its stockholders in dividends the enormous amount of $145,000, exceeding its capital by $20,000. In addition to this, there remains a surplus of $155,000. Never before has it been so well prepared to meet and satisfy the needs of its patrons as NOW. The [illegible] patronage.

COUNTY BOARD OF ELECTIONS.

New Hanover County.

Wilmington, N. C., Sept. 29, 1902.

The Board of Elections of New Hanover county at its meeting held Sept. 29, 1902, Resolved, that the present election precincts or divisions should be adopted without any change.

And fixed the following as polling and election places for the election to be held on November 4th, 1902:

FIRST WARD—First Precinct—Fred Skipper registrar. Polling place Herring's store, 914 North Fourth street (formerly McEvans' office).

FIRST WARD—Second Precinct—(2nd place) W. R. Smith's store, corner Fifth and Bladen streets.

FIRST WARD—Third Precinct—J. T. McIver registrar. Polling place Hose Reel House, at Brooklyn Bridge.

SECOND WARD—C. H. Smith registrar. Polling place Old Court House.

THIRD WARD—A. G. Hankins registrar. Polling place next corner Eighth and Princess streets. (Montgomery's store).

FOURTH WARD—Thos. G. Pickett registrar. Polling place Worth's Ice House on Dock street, between Front and Water streets.

FIFTH WARD—First Precinct—John E. Hewett registrar. Polling place Hook and Ladder House on South Fifth street, near Castle street.

FIFTH WARD—Second Precinct—O. C. Hill registrar. Polling place corner Sixth and Castle streets. Engine House.

HARNETT TOWNSHIP—(Delgado Precinct)—W. A. Wood registrar. Polling place, store at Delgado.

HARNETT TOWNSHIP—Township House, 7 mile post—Garrett Walker registrar. Polling place, township house.

MASONBORO TOWNSHIP—D. J. Fergus registrar. Polling place, township house.

FEDERAL POINT TOWNSHIP—F. D. Capps registrar. Polling place, Capps' store.

CAPE FEAR TOWNSHIP—R. W. Bordeaux registrar. Polling place, Blossom's store.

W. B. McKOY, Secretary.

Register of Deeds—W. H. Biddle.
Treasuer—H. McL. Green.
Coroner—C. D. Bell.
Surveyor—Alex P. Adrian.
Constable, Wilmington Township—W. B. Savage.

THE PEOPLE BEING AROUSED.

The situation resulting from the coal strike in Pennsylvania has reached the acute stage, which has awakened not only the interest but has aroused the indignation of the American people. We have had coal strikes before, but none that have approached this in magnitude, nor in duration, nor in its far-reaching results.

Here we are on the threshold of winter, with 20,000,000 of people, according to the New York *Herald*, dependent upon the Pennsylvania mines for their supply of fuel, the mines practically closed and not coal enough in sight to meet the present demand if every obstacle to freedom of delivery were removed. The most that is claimed by the operators is that the mines are getting out 20,000 tons a day, when at this season their usual output is 150,000 indication that they can or will soon turn out more coal. There is little coal in New York city, and some of this (30,000 tons) was imported from Wales. The dealers who have coal keep it quiet because they don't want other dealers to know it, lest they ask them to share with them and help them supply their regular customers. They do not try to supply any one else.

Monday last hard coal went to $18 a ton in New York, nearly three times its usual price, and soft coal to $7, about twice its usual price, while purchasers in small quantities paid nearly double these figures. Among the poor there has already been much suffering, although the weather so far has not been severe, but as they are dependent upon coal it must be coal or no fire.

The condition in New York is the condition of others of the Atlantic cities which are dependent upon the Pennsylvania mines for their fuel supplies. Boston suffers, and has made a movement to seek relief through the courts, as will be seen by the following Boston dispatch of Saturday:

A committee of citizens, headed by the publishers of a Boston newspaper to-day sought relief in the courts from a coal shortage and high prices by asking for a receiver for the coal companies and coal carrying roads. A bill in equity was filed in the Supreme Court asking that a receiver be appointed for all concerned upon such terms and in such manner, and with such agreements and servants and with such rates of wages as other conditions of employment and at such prices for goods produced and sold as the court shall from time to time adjudge proper.

The bill is based upon the legal theory of the coal situation given by H. W. Chaplin, a lawyer.

Mr. Chaplin says in support of his position:

"Since the public have a right in the mines, a right to have coal forthwith mined for immediate consumption and have a right to have that coal immediately transported out of the mine regions by the coal carrying roads, a court of equity, if no other solution of the difficulty, has authority to, and upon the application of a representative proportion of the people undoubtedly would, appoint a receiver or receivers to take into his or their hands the whole business now in the hands of the anthracite coal combination, and to run it in their place."

A subpœna to serve on the defendants, giving notice of the bringing of the suit, is to be taken out on Monday by the plaintiff's lawyer and it will probably be returnable in November.

Lawyer Chaplin's opinion is in line with the opinion we published yesterday of Judge Gibbons, of Chicago, who took the ground that the people have natural lights in which they are protected by the higher law of necessity, the supreme law, to which all others must give way.

How a ruling by the Supreme Court of Massachusetts can reach the coal miners of Pennsylvania, another sovereign State, we do not know, unless it be that the coal roads are a part of the combination and when they cross the Massachusettes border become amenable to the authority of Massachusetts and therefore subject to its judicial rulings and may be required to do business in the usual way and deliver coal, of which they are joint owners, in the usual way. The presumption doubtless is that they can get the coal and should therefore be required to deliver it.

Why does not some one in Pennsylvania try an application for a receivership, as these Boston men are doing, who doubtless took the initiative, suggested by Senator Mason's proposed bill, and see what effect it would have on the combines there?

There is one thing sure, and that is that unless this strike comes to an end, and that soon, some way will be found to enter these mines, and dig the coal for the public welfare. Something must be done, for it has become a vital question, and, more than that, it is developing a feeling that is not far from revolutionary, as far as these combines are concerned. The people are losing patience with them, with men who pursue their dogged course, and arrogantly declare that there is nothing to arbitrate, while the people suffer for fuel. Whatever the differences of opinion may have been as to the necessity for or the wisdom of the strike when it was begun, or whatever the condemnation may have been of the violence resorted to by some of the miners in opposition to the warnings and the disapproval of the strike leaders, public sentiment is now with the miners and against the mine operators, who are held responsible for the continuance of the strike, and for the idleness of the mines when they could end the strike and have the men back to work in twenty-four hours if they would show any disposition to effect a settlement on anything but an "unconditional surrender" basis.

Thoughtful and conservative citizens are beginning to discuss this question seriously and to ask if a heroic remedy will not have to be applied to protect the people from heartless combines and selfish greed. One of these is Rev. Everett Hale, of Boston, who was asked to be one of a committee of seventy-five appointed to endeavor to effect a settlement of the coal strike, to which he replied as follows:

I am greatly obliged for the confidence thus shown in me. But it is impossible for me to render any service, and you must appoint some younger man. The strike is bringing nearer the inevitable solution. This is the control or practical ownership of the mines, by the State of Pennsylvania or ultimately by the nation. In a republican government it is not possible, as it is not right, that twenty men, or 50,000 men shall control a supply which the good God has given for mankind. Take care that your committee does not ally itself with the twenty or with the 50,000.

Commenting upon this the Philadelphia *Times*, a leading Republican organ, says:

There is fact which stares out of our distressful situation. Not twenty men, or 50,000 men, have the right to deprive the American people of a necessity of life, for that coal is. To make coal inaccessible is to invite disease and death into our homes. Deal with the fact as you will and may, there it is. The present and threatened shortage, easily preventable, is a crime against society. It has introduced a grave peril to health and life, and it need not have been.

And yet this Coal Trust is protected from competition by the Dingley tariff, which imposes a tariff of 67 cents a ton on every ton of imported coal, anthracite as well as bituminous, although it is asserted that there is no duty on anthracite coal. The Dingley law provides that all coal under 92 per cent. pure carbon is liable to duty, and there is no imported coal that is so pure, and very little of the Pennsylvania coal that is. Every pound of Welsh coal imported is subject to duty.

PRITCHARD AND BUTLER.

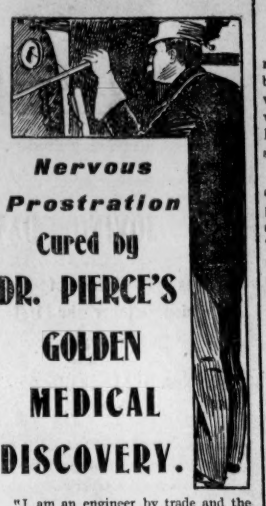
Marion Butler has emerged from obscurity and drop his liquified air long enough to write Senator Pritchard a letter telling him how anxious he is for his re-election to the Senate and explaining and saying how sorry he is that he opposed his election when he last ran and tried so hard to put Cy Thompson in his senatorial brogans. It was all under a misapprehension that Pritchard might not agree with him on the money question. But as the money question is now settled with the assistance of a kind Providence, which came to the rescue and revealed rich deposits of gold buried around in various parts of the earth, he wants to see his friend Pritchard go back to the Senate for six years more and presumably for six years more after that.

This letter is not news to anybody who knows the selfish, time-serving, consistency-smashing humbug who has been pretending to oppose the Republican party and its policies, and has been aiding the former and supporting the latter ever since he has been in the Senate, notwithstanding the fact that he gave a formal support to Bryan, with the expectation of adding to his own importance and influence in the event of Bryan's election.

His letter to Pritchard is precisely the kind of a letter that Pritchard wanted, so much so that he couldn't have written one himself to suit him better. We would make a small sized wager that he and Butler concocted it between them, that he gave Butler the points he would like to have incorporated in it, and that Butler accordingly writ 'em down and signed, "yours, sincerely," to them, and then added a P. S., eulogizing the Pop-Re.p legislature which his *Caucasian* so frequently and vigorously scored as incompetent and disgraceful.

He denies to Pritchard that he wrote any of these rasping editorials, says that they were written by the hired men, and that he never saw them—a story which it will do to tell the marines. Butler didn't run a paper that way when he knew he was its ostensible editor, but he found it convenient to throw the responsibility on the boys for everything he wanted to dodge—which was like Marion Butler.

But his time would be more profitably employed sawing wood than in trying to help Jeter C. Pritchard back into the Senate, for the people of North Carolina who once followed him in the belief that he was politically honest, see through him now, and consequently his political influence does not amount to a hill of beans. If his letter, manifestly dictated and written to order, as it was, has any influence at all it will be to hurt rather than help his "dear friend" Pritchard.



Nervous Prostration Cured by DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

"I am an engineer by trade and the hard work and worry of running a large engine brought on nervous prostration," writes Mr. Chas. F. Dixon, of Arbuckle, Colusa Co., Calif. "A friend recommended Dr. Pierce's Golden Medical Discovery to me and I bought one bottle; thought that it helped me so continued the use of it until I had taken six bottles. I feel better than ever in my life. Am not a particle nervous, can work hard all day and sleep sound at night. I not only think so but I know that the 'Golden Medical Discovery' cured me and therefore I will recommend it to others."

Dr. Pierce's Pleasant Pellets regulate the bowels and stimulate the sluggish liver.

FREE TO SILK GROWERS.

There is no State in the Union in which more interest is now shown in the culture of the State Agricultural Department, and to the valuable information sent out from time to time by Mr. Gerald McCarthy, biologist of the Department. To further encourage the industry and help beginners, the Department has made arrangements for the free distribution of mulberry trees to those engaged in raising cocoons or contemplating engaging in it, full information concerning what is given in the following circular just issued by Mr. McCarthy, which says:

The first season's experience in silk growing in North Caroline has proved a most gratifying success. It has demonstrated that the women and children of the State may by light and interesting work during six weeks of early Summer earn, without interfering seriously with their ordinary duties at least $30. Those who can devote more time to the work may earn much more.

To place silk growing upon a permanent basis we must increase the output of silk cocoons to a volume which will attract to the State silk reelers and for the product of the silk worm.

The first and most necessary step is to increase the available supply of silk worm food. We must plant mulberry trees until each farm suited for this kind of work has at least 100 trees. Every farm having dry soil, lying between Goldsboro and Statesville or Asheville can successfully grow silk.

In order to encourage the planting of the mulberry, the State Department of Agriculture will distribute among the farmers of North Carolina in lots of 50 and 100 rooted seedling trees of the varieties best suited for feeding the silk worm. Not more than 100 will be sent to one person. Those who want more will be supplied at cost prices. We do not recommend the planting of more than 100 trees by any farmer. Recipients of trees will be required to pay postage or expressage at the rate of one cent per tree. This must be enclosed with application.

Trees will be delivered during November, which is the best month for planting in this State. Full directions for planting and caring for the trees will be sent to each applicant.

Silk growing will prove valuable as a nature study and a remunerative art in schools, and is well worth the attention of all who have supervision over educational institutions. It is also well adapted for charitable institutions. Public institutions which wish to experiment with silk growing will be supplied with trees at a nominal price.

Applications will be filed in the order of reception. Send orders to Gerald McCarthy, Biologist, N. C. Department of Agriculture, Raleigh, N. C.

A Poor Millionaire

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation and improve the appetite. Price 25 cents. Money back if not satisfied. Sold by R. R. BELLAMY, druggist.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

BOOK NOTICES.

The reader who reads for profit and not pastime only will enjoy the October number of *The Atlantic Monthly*, which is filled with interesting and valuable matter. Published by The Houghton, Mifflin & Co., No. 4 Park street, Boston, Mass.

A superb one is the October number of *The Century Magazine* for October, presenting a splendid list of contents copiously and artistically illustrated. There is assortment enough in it too to meet the various tastes of those who read either for pleasure only or for pleasure and profit. Published by The Century Company, Union Square, New York.

The October number of *Frank Leslie's Monthly* is a handsome and interesting one, presenting an entertaining list of contents, well illustrated. The leading article article on "Beef," illustrated, tell all about beef from the producer to the consumer. There is also a sketch of "Harry Tracy," the "bad man," who raised so much old Harry in Oregon and Washington a short while ago, and came to a tragic end. Address Frank Leslie Publishishing House, 141-147 Fifth Avenue New York.

SPIRITS TURPENTINE.

— Aberdeen *Telegram*: A terrible accident occurred here last Tuesday at 1 o'clock. A negro boy about 14 years old, the son of John Farrar, who works on the shifting force here, jumped on the steps of the second class coach of the passenger train of the A. & A. Railroad as it was going around the Y to turn around, and was caught between a small platform near the Tarbell Lumber Co.'s mill and the coach and mashed to death almost instantly.

— Raleigh *News and Observer*: Sam Lindsey, a well respected young man, 24 years of age, son of Robt. G. Lindsey, committed suicide at the home of his brother, Jack Lindsey, in Reidsville, Monday afternoon. He shot himself twice with a pistol, in the side and head, and death was instantaneous. The rash act was probably due to despondency caused by ill health, as he had been sick for several weeks. —— Calvin Elliott, a negro, committed rape upon Mrs. Caleb Brown, a white woman, four miles east of Lincolnton, Saturday evening. Her husband was beaten unconscious. The negro was captured Sunday night, identified and committed to jail this morning.

— Goldsboro *Argus*: A pistol which was thought to be unloaded came near putting an end to the existence of Jones Bass in this city Sunday. Louis Bass and his younger brother Jones were up stairs in their room at their home 310 John street, south. Jones was sitting on a trunk and Louis was standing in front of the fire place playing with a pistol which he had unloaded a short time before and again later on had reloaded the weapon. Forgetting that he had put the balls in the weapon he picked up the fire arm and turned it from him without taking aim to snap the trigger. The pistol fired and the ball struck Jones in the shoulder, inflicting a bad flesh wound. Medical aid was summoned at once and the ball was located near the spinal column and extricated. —— The McMillan-Mullen Lumber Company, at Bowden, has had another serious accident. About two weeks ago a white man named Geo. Gurley was killed in the dry house by being caught between a box car and a pile of lumber, and on last Friday a negro named George Hill was killed while coupling cars. The log train was out on the tram road about 12 miles in the country, when a coupling the engine and front part of the train was stopped, while the latter part of the train was approaching slowly. Hill was running in front of the moving cars, when he stumbled and fell, the cars passing over him and mangling his body fearfully. He died instantly. This is said to be the third person killed at these mills in the last few weeks. Another negro was killed a short time ago while coupling cars.

CURRENT COMMENT.

—— The double-barreled big tobacco combine got in ahead of Morgan's steamship consolidation, and becomes the first international trust. There will probably be others.—*Richmond Times, Dem.*

—— The present tightness in the money market is giving the financiers a sample of what the wage-earners have been up against in connection with high prices for some months back.—*Norfolk Ledger, Dem.*

—— Up to this time, the only result of Secretary Hay's appeal in behalf of the Roumanian Jews is Roumania's action in restricting the emigration of those Jews to the United States. As most of these unfortunate people are in squalid circumstances, the closing of their avenue of escape is not at all bad for us as a nation, but it is bad for the Jews of Roumania.—*Norfolk Landmark, Dem.*

—— The Boston Herald finds that President Roosevelt is "considerably perplexing the people as to his position and purpose." The perplexity arises from the president apparently tending one day in one direction, and in another, very early after, in an essentially different one." Either the president is not clear in mind as to what he really wants or he is hampered by a party check rein. It may be a little of both.—*Macon Telegraph, Dem.*

Seven Years in Bed,

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed by R. R. BELLAMY, druggist. Only 50 cents.

For over Sixty Years

MRS. WINSLOW'S SOOTHING SYRUP has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, soften the gums, and allays all pain; cures wind colic, and is the best remedy for diarrhœa. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Jewel Steel Ranges

Like Jewel heaters and cooks, are the very best of their class. They are made by the celebrated

DETROIT STOVE WORKS

which grew to be the Largest Stove Plant in the World because it built the Best Stoves.

TWINKLINGS.

— Jaggles—Has your wife's doctor much influence over her? Waggles—I should say so! He cured her of an imaginary disease.—*Judge.*

— Jasper—What are you looking so annoyed about? Mrs. Jasper—I expected a day's rest and didn't get it. This is the cook's day out, but she insisted on staying at home.—*Judge.*

—"She is plain enough to stop a clock." "If she's as plain as that I should think she would be more apt to make it run."—*Cleveland Plain Dealer.*

— Shelby—What is the matter with you, Smith? What are you kicking about? Smith—Morse called me a donkey. Shelby—I see; and you are bent on proving it."—*Boston Transcript.*

— Employment Agent—I have a cook that will just suit you. She is a young widow and is very fond of children. Mrs. Richleigh—But we have no children. Employment Agent—Oh, that'll be all right, Ma'am. She has six of her own.—*Life.*

The American Motor League.

The American Motor league is meeting much encouragement, and the movement seems to be popular. Not only will it be valuable because of the protection afforded against unjust prosecution, but as a preventive of adverse legislation, a promoter of better roads and a disseminator of information regarding the roads, thus encouraging touring, to which purpose a motor vehicle is admirably adapted.

WHOLESALE PRICES CURRENT.

COTTON MARKETS

By Telegraph to the Morning Star.

NEW YORK, Sept. 30.—The cotton market opened steady with prices three points lower to two points higher, this being a materially better start than the average room trader had looked for inasmuch as receipts promised to reach well over 80,000 bales while the Liverpool cables proved disappointing. On the other hand the weather in the belt continued unfavorable, the spot market advices were bullish, the forecast pointed to frost to night in Arkansas and the private cables from Liverpool declared sentiment was slowly taking a more bullish hue. Soon after the call, general buying led by brokers believed to be acting for Wall street interests, caused the list to work up point after point. Before the buying movement abated January reached 8.86 and other options in accordance. A firmer stock market and a normal situation in the money market were not without influence. The weekly crop report from Washington proved to be quite as bullish as anticipated and the estimates for to-morrow's receipts failed to equal the predictions made by the bears. At the close the market was steady and net three to five points higher. Total sales were estimated at 175,000 bales.

NEW YORK, Sept. 30.—Cotton quiet at 8¾c; net receipts 80 bales; gross receipts 7,477 bales; stock 32,681 bales.

Spot cotton closed steady; middling uplands 8¾c; middling gulf 9¼c; sales 4,383 bales.

Futures opened steady: September 8.75 offered, October 8.63, November 8.64, December 8.72, January 8.77, February 8.85, March 8.56, April —, May 8.56.

Futures market closed steady: October 8.66, November 8.71, December 8.78, January 8.83, February 8.60, March 8.60, April 8.60, May 8.60.

Total to-day—Net receipts 81,022 bales; exports to Great Britain 17,279 bales; exports to France 28,563 bales; exports to the Continent 41,601 bales; stock 410,551 bales.

Consolidated—Net receipts 182,462 bales; exports to Great Britain 51,438 bales; exports to France 37,959 bales; exports to the Continent 71,598 bales.

Total since September 1st—Net receipts 906,339 bales; exports to Great Britain 205,723 bales; exports to France 77,292 bales; exports to the Continent 283,299 bales.

Sept. 30.—Galveston, quoted quiet at 8 9-16c, net receipts 25,803 bales; Norfolk, steady at —, net receipts 4,966 bales; Baltimore, nominal at 8¾, net receipts — bales; Boston, quiet at 9c, net receipts 6 bales; Wilmington, firm at 8¾c, net receipts 3,658 bales; Philadelphia, quiet at 9¼c, net receipts 5 bales; Savannah, quiet at 8¾c, net receipts 12,629 bales; New Orleans, quiet at 8¾c, net receipts 21,861 bales; Mobile, easy at 8¼c, net receipts 1,299 bales; Memphis, steady at 8 7-16, net receipts 2,424 bales; Augusta, quiet at 8¾c, net receipts 336 bales; Charleston, firm at 8¼c, net receipts 3,244 bales.

PRODUCE MARKETS

By Telegraph to the Morning Star.

NEW YORK, Sept. 30.—Flour was more active and steadier. Rye flour dull; fair to good $3 15@3 40. Wheat—Spot steadier; No. 2 red 73¼c. Options closed firm and partly ½c net higher. Sales included: May closed 73¾c; September closed —c; December 73¼c. Corn—Spot steady; No. 2 67c. Options closed firm at partly ½c net advance. May closed 46¼; September closed 67@67¼c; October closed 64c; December closed 51½c. Oats—Spot easy; No. 2 32½. Lard easier; Western steam $10 60; September $10 60, nominal; refined easy; continent $10 75; South American $11 60; compound 7¾@8¾c. Pork dull; family $20 50@21 00; mess $17 75@18 50; short clear $19 00@21 00. Coffee—Spot Rio quiet; No. 7 invoice 5¼c; mild steady; Cordova 8@11¾c. Sugar—Raw firm; fair refining 3c; centrifugal 96 test, 3¼c. Eggs steady; State and Pennsylvania, average best, 22@24. Peanuts—Market quoted firm; fancy hand picked 5¼@5½c; domestic 3¾@5¾. Potatoes steady; Long Island $1 62@1 75; South Jersey sweets $2 00@2 50; Jerseys $1 50@1 65; New York, per 180 lbs, $1 50@1 75. Butter was firm; extra creamery 23½c; State dairy 17@21½c. Cheese was firm; new State full cream, small colored fancy 12c; small white 12c. Rice steady; domestic, fair to extra 4¼@6¼c; Japan 4¾@4¾c. Tallow firm. Cabbages dull; Long Island per 100 $2 00@2 50. Freights to Liverpool—cotton by steam 15c. Cotton seed oil was unsettled and about steady, with a moderate demand for spot. The closing quotations were: Prime crude, f o b, mills 28@29c; prime summer yellow 39¼@40c; off summer yellow 38@39c; prime white 45c; prime winter yellow 45c; prime meal $27 00@28 00, nominal.

CHICAGO, Sept. 30.—September wheat to-day sold at the highest price recorded on the board of trade since the famous Leiter deal in '98; the price reaching 95 cents and but for the leniency of the longs, the price might have been advanced indefinitely as all the available supply was practically in the hands of one or two traders. The close on September was at a gain of 7⅛c, while December closed ⅛@¼c lower. December corn closed ⅛@¼c higher with oats down ⅛c@¼c. January provisions closed from 2½c to 7½c lower.

CHICAGO, Sept. 30.—Cash prices: Flour quiet and steady. Wheat—No. 2 spring —c; No. 3 spring 68@72c; No. 2 red —. Corn—No. 2, 56@58c; No. 2 yellow 56@58c. Oats—No. 2 28¾@29¼c; No. 2 white —c; No. 3 white 29@33c. Rye—No. 2 49½c. Mess pork, per barrel, $16 15@16 20. Lard, 100 lbs, $11 40@11 50. Short rib sides, loose, $10 80@10 90. Dry salted shoulders, boxed, $9 25@9 50. Short clear sides, boxed, $11 30@11 37½. Whiskey—Basis of high wines, $1 32.

The leading futures ranged as follows—opening, highest, lowest and closing: Wheat—No. 2 September 88@88¼, 88, 05c; December 68¾@68¾, 68¾@68¾, 68¼, 68¾@78½c; May 69⅝@69⅝, 70@70¼, 69½, 70c. Corn—No. 2, September 57¾@58, 59¼, 56, 57c; December 45¾@45⅞, 46, 45⅜, 45⅝@45⅞c; May 41⅛@41¼, 41⅜, 41, 41¼c. Oats—No 2 September, old, 26, 26⅞, 26, 26½; do. new, 32, 33¾, 31¾, 33¾c; December, new, 30⅝, 30⅞@31

HOMEMADE DRESSES.

HOW TO MAKE A BLOUSE WAIST OF ANY SUITABLE MATERIAL

Plain Instructions For Cutting the Pattern, Lining, Fitting and Finishing This Convenient and Useful Garment.

[Copyright, 1902, by American Press Association.]

This garment is cut in fourteen pieces—viz, two fronts, two backs, two upper and two under sleeve pieces and two outer and two under collar pieces and two belt shapes. If made of heavy material like cloth or velvet, a lining is necessary, and that is nicest when of silk, as there are times when the belt is loosened and the blouse thrown open.

To cut the pattern, first lay the material so that there will be two selvages. Even with them the material is

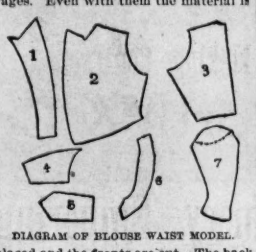

DIAGRAM OF BLOUSE WAIST MODEL.

placed and the fronts are cut. The back may be cut in one piece if preferred, but in that case the fold must come right in the center. The sleeves must be cut so that the grain is straight up and down, not bias or crossed. The collar pieces are cut so that the thread of the goods runs straight up in the center of each half. This is important; otherwise the collar will not set well.

The undercollar should also be cut crosswise and the seam in the center be a trifle wider at the bottom than the top to give it the proper flare around the neck. The belt is curved in front and fastens at the side, while that part across the back fits better if straight.

Supposing the blouse to be of woolen goods, to cut out a pattern, take the measurements with a tape line and mark them on a thick paper. Then try the different parts to the body before cutting the lining or outside. After this baste the garment and try it on wrong side out. Then any trifling changes can be made.

When the lining has been found right, rip it apart and trim off the surplus, always allowing at least an inch for "take up," for in sewing the seams fast they become much snugger. Then spread out the lining on the material, being very careful that the nap is right, the material being wrong side up. Then baste the lining and goods together firmly all around the seams and then cut out the outside. Basting well and firmly has more to do with perfection than the amateur is generally willing to admit, but the sight of a tailor's work when half finished would teach a useful lesson in that respect. Therefore do not depend on pins nor a few stitches here and there in the way of basting, but do the work right from the foundation.

The revers, even if of washable material, should be interlined with stiff tailor's canvas, and a piece should be first basted and then stitched down the front, and this is to be cut slanting so that it forms a part of the piece lining the revers. The inner collar is also to be interlined with the canvas, as are the belt and the lower part of the cuffs.

BLOUSE WAIST MODEL.

Some dressmakers when they wish a very smart effect lay a bias piece of the canvas around the arm size and another around the inside of the shoulder close to the collar. This gives a rather military stiffness much affected by many. It is better suited to cloths than velvet or silks.

The piece which forms the revers is basted firmly to the front with the canvas lining and stitched and turned right side out and again basted, so that it cannot slip, then is stitched by the machine in one or more rows. It is not until the garment is finished that the revers are pressed, but when the collar is on they are basted back to the position they are to occupy.

The upper collar is lined, but not interlined, and is first sewed and pressed flat and turned right side out and the edges stitched. The lower collar has a lining of canvas, which is sewed in with the outside of the two pieces of the collar. The center of this band is basted firmly to the exact center of the upper collar and stitched so that the lower collar is brought over, and this is in turn stitched to the blouse, with each seam exactly where it should go, the center of the collar in the center of the back. This brings the ends to the middle of the front, and from there the revers fall away.

The garment may be fastened by buttons, frogs and loops or have a fly front.

The sleeves are to be basted along the bottom with the interlining of the canvas after the outside seam is sewed and pressed. The flare of the bottom is faced up three inches with the dress material and stitched on the wrong side and then turned and restitched, with the canvas even with the cloth. This is then turned, rebasted and stitched, after which it is pressed flat, and then the inner seam is sewed and the lining is put in. The lining to the sleeves has the outside seam sewed, and the seam is strongly tacked to the edge of the flat seam in the cloth.

OLIVE HARPER.

Good Roads In Massachusetts.

Massachusetts has a permanent highway commission of three persons which has charge of the expenditure of $600,000 annually for the building and maintenance of what are called state roads, and through this plan more than 300 miles have been built at an average cost of $9,000 per mile. These state roads of Massachusetts are the finest examples of highways in this country, and they are equal to most of the best roads in Europe. The commissioners cannot build more than ten miles of state roads in one county within a period of six years. The roads thus built are eventually turned over to the county, and one-fourth of the money spent must be paid by the county when the highway is finished.

How to Remove Grass Stains.

Grass stains on children's clothes often cause a great deal of annoyance. If molasses is rubbed on these spots and the garment is afterward washed as usual, they will disappear.

How to Get Rid of Warts.

If castor oil is applied to a wart once a day for a month, the wart will entirely disappear. In many cases it will not require so long a time.

For Croup use CHENEY'S EXPECTORANT.

For sale by J. C. Shepard.

TESTS ROAD MATERIAL.

Valuable Work of the Roadmakers' Laboratory.

According to experts, the cost of building the best sort of macadam road is about $10,000 a mile and that of building the poorest is about $8,000. The best will last some thirty years with ordinary care; the poorest will call for expensive repairs after about two years and will sometimes have to be entirely renewed within five or six years. It all depends on the materials used, says The Saturday Evening Post. Often the better materials are easily available and are even cheaper than the poorer ones and yet are not selected owing to the ignorance of the road-builders.

This ignorance, for which the taxpayers suffer severely, the government has now set itself to destroy. About a year ago it established in the bureau of chemistry of the agricultural department a "road material laboratory," the sole business of which is to test samples sent it and determine their value for roadbuilding under the conditions of actual use. When samples of all the rocks available in a given locality are sent to it, it will determine which will give the best results under the conditions of rainfall and temperature obtaining there.

All material sent in is tested for abrasion, cementation and toughness and will be tested for hardness as soon as the proper machines can be built. The accurate determination of hardness, however, is of far less importance than that of the other qualities named.

The abrasion test determines to what extent a given material will be worn away by a given amount of rubbing, grinding, shaking together, and so on. It is obtained by placing fragments of uniform size in a cylinder, where they are agitated by machinery at a rate which ordinarily is not sufficient to break them, and then ascertaining the amount by which they are reduced in size. The cementation test is to discover the adhesive power of the dust ground from the substance and cemented together by rain and by the rolling or trampling of the road. It is obtained by subjecting little cylinders, formed by mixing the dust with distilled water, to the continual blows of a weight falling through a fixed distance. Some substances will be shattered at once, but others will sustain as many as 2,000 exactly similar blows before failing to pieces. This shows the ability of the material to repair itself when put on a road.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." DESPAIR AND HOPE

A Tragic Life Story.

If there is anything in the theory that we get our heaven and hell here on earth, it could be said with perfect truth that a $1 medical prescription known as D. D. D., literally lifted this man out of hell. The awful miseries of a poisoned skin can be understood only by the afflicted. The nights of sleepless agony with hands tied to prevent tearing the flesh, the rundown general condition which results, and the black hopelessness of life can all be visibly traced in the first of these photos. As will be seen, this man is a man of powerful physique, but it will be seen from his face in the first picture that it is a grim struggle to live and keep up his courage.

In contrast, if the reader will fairly consider the picture after treatment with D. D. D., a new man is seen. Study this picture; contrast the two. Something has worked a wonder here. Reader, it was nothing on earth but D. D. D. and a kind Providence which directed the attention of this man to a public announcement about this medicament and its wonderful work in such cases. Providence went farther than this; it gave him some confidence in what he read. He made up his mind that he would try it. To this fact he owes all the peace, content and happiness so plainly seen in his face in the second picture. He states that after the third application of the remedy all his previous distress had disappeared entirely. The fevered condition resulting from continued irritation had subsided and he slept soundly nights.

The name of this getleman is Mr. Henry Walters, of St. Louis, Mo. We have the sworn affidavit of Mr. Walters that in just twenty-nine days after starting treatment with D. D. D. he discontinued further use of it, every visible trace of the disease having disappeared. Since that time not a trace of the trouble has shown itself on any part of his body. His hair has since grown long and the scrubby beard previously grown on his face to hide the sores, is kept cleanly shaved, and he is today a man of strikingly fine appearance, with the highest ambition and activities in life and every happiness possible to most men here on earth. Results of this kind that are proven to be directly due to a preparation of this sort certainly call for public appreciation. This prescription in sealed bottles, bearing authentic label of D. D. D. Co. of Chicago, sold at $1. The bottle is a liberal one and has proved sufficient to entirely cure many cases.

Eczema

is probably the worst and most stubborn of skin diseases, and it was for this that this prescription was studied out and perfected, but all skin diseases are caused by parasites or some form of germ life in the skin-structure. The prescription quickly and entirely annihilates all forms of parasitic life lodged anywhere in the skin. Many people imagine they have blood trouble when they break out with some form of skin affection, but not in one case in a hundred is this a fact, as the very healthiest blood is often found in the strongest men affected with breaks and eruptions of some kind in the skin. In all such cases the trouble is at the surface or near the surface, and it can be searched out and annihilated completely by this preparation.

The Above Is True.

I have received carefully prepared and fully attested documents and particulars regarding the case above mentioned of Mr. Henry Walters, of St. Louis, a victim of psoriasis, a form of eczema. I can say to all persons afflicted with any form of skin disease that the medical testimony submitted shows beyond a doubt that they can cure themselves by the use of this preparation. I say **beyond a doubt.** I mean this fully, providing the affection is really a skin disease, as it has been shown that each of the known germs that cause skin affection have been entirely routed out and conquered by the preparation.

A Word to the Wise

"It is the savings of individuals which compose the wealth—in other words, the well being—of every nation. On the other hand, it is the wastefulness of individuals which occasions the impoverishment of States. So that every thrifty person may be regarded as a public benefactor, and every thriftless person as a public enemy."

Deposits made on or before October 1st in the Wilmington Savings and Trust Company (the largest and strongest savings bank in the State) will bear interest from that date.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

BLACK SPRINGS, Ark., Sept. 18, 1901.

Rev. J. W. Berry (of Arkansas Methodist Conference, writes:) "Enclosed find fifty cents for which please mail me two packages of "TEETHINA." We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time; our babe was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of "TEETHINA" gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success.

For sale by all good Druggists. R. R. BELLAMY can supply the rade with TEETHINA at Dr. Moffett's prices. je 3 1y

The Morning Star.

WILMINGTON, N. C.

WEDNESDAY MORNING. OCT. 1.

STAGE COACH HELD UP; PASSENGERS ROBBED.

Three Masked Highwaymen, on Horseback, Opened Fire on the Driver and Compelled Him to Stop.

By Telegraph to the Morning Star.

MIDDLETOWN, N. Y., Sept. 30.—The stage coach "Pioneer," which makes daily trips between Warwick and Goshen, was held up and robbed by three masked horsemen late this afternoon.

The coach was bowling along the road, two miles from Florida, and at a lonely spot on the road Clinton and Horatio S. Wisner, who own the coach and were on it, saw the men on horseback suddenly emerge from the dense woods which line the highway. The robbers ordered Clinton to pull up his horses. This he refused to do and the highwaymen opened fire with revolvers. None of the shots took effect, but the shooting had the effect of compelling the whip to bring his horses to a stop.

Inside the coach were Mrs. J. A. Chamberlin, Mrs. Fred Webster, Mss. James Fuller, Mrs. Hart, Mrs. Ed. Johnson, all of Florida. While two of the highwaymen covered the Wisner brothers with their revolvers the third, using many threats, compelled the passengers to give up all their money and valuables.

After the robbery had been completed the robbers spurred up their horses and escaped.

When news of the hold-up became known this whole section of Orange county was first astounded and then excited. Posse's of armed men hastily formed and at once started a search for the highwaymen. Clinton W. Wisner is president of the village of Warwick.

COAL SCARCE IN NEW YORK.

President Baer Says There Will Be Plenty of Coal Before the Cold Weather. Mine Operators in Conference.

By Telegraph to the Morning Star

NEW YORK, Sept. 30.—The heads of the coal railroads were in conference to-day at one of the weekly meetings of the Temple Iron Company, of which they compose the board of directors.

Before John Markle went into the meeting he was asked as to the truth of the report that President Mitchell had been in conference in Philadelphia with a representative of the operators and J. P. Morgan. "It is not true," said Mr. Markle, "for if a representative of the operators and Mr. Morgan had been there I would be in a position to know it and I have heard nothing of the kind."

The coal situation in New York is to-day more serious than at any time since the strike of the anthracite miners began. Instead of 150,000 tons, usually in stock at this time of the year, there are but two thousand tons of hard coal. In tenement districts the price is 75 cents a bushel, which is at the rate of $35 a ton.

President Baer was asked to day if there would be enough coal in this city to supply the demand before Winter sets in. "Oh, certainly," he said. "This idea that there is going to be a scarcity of coal this Winter is simply a scare. There will be plenty of coal in New York before the cold weather."

COTTON CROP CONDITIONS

Reports of Injury from Rain to Open Cotton General Throughout the Belt.

By Telegraph to the Morning Star

WASHINGTON, September 30.—The Weather Bureau's weekly summary of crop conditions, says:

Reports of injury from rain to open cotton are very general throughout the belt, with the exception of the Carolinas and portions of Texas, and sprouting and rotting in bolls are largely reported, especially in the central districts. Picking, though much interrupted, is well advanced and is nearing completion in some districts. Late cotton in central and northern Texas is making rapid growth, but will not mature unless frosts are unusually late, and under these conditions a light top crop may also be gathered in Alabama. A fine crop of Sea Island cotton is promised in South Carolina.

IN THE ISLAND OF PANAY.

Cholera's Ravages--People Fleeing to the Mountains, Leaving Dead Unburied.

By Cable to the Morning Star.

MANILA, Sept. 30.—It is announced that 5,124 cases of cholera and 2,740 deaths from that disease were reported in the province of Iloilo, island of Panay, on Monday. The people are fleeing to the mountains, leaving the dead unburied and the dying uncared for. The government has ordered additional doctors and medicines to be sent to Iloilo. The number of victims makes ordinary sanitary measures impossible. The totals for all the provinces Monday were 5,390 cases and 3,091 deaths.

CORNER IN WHEAT.

It Sold on the Chicago Board of Trade Yesterday at 95 Cents.

By Telegraph to the Morning Star.

CHICAGO, September 30.—September wheat sold on the Board of Trade today at 95 cents, which is the highest on that cereal since the great Leiter deal in '89. The cause of the high price to-day was the fact that all the available supply was practically cornered and it was rumored that Armour & Co. held the greater part of it.

All the Norfolk and Western section men, from Portsmouth, Ohio, to Kenova, W. Va., have struck for an increase of wages. It is said that the section men from Portsmouth to Columbus will follow if the demand is not granted.

Stepped Into Live Coals.

COAL STRIKERS PEACEFUL NOW.

Feeling is Strong Among Them That the End of the Struggle is Near.

PRESIDENT MITCHELL SILENT.

Says He is Not in a Position to Speak No Crowds at the Mines Yesterday. Explosion at the Exeter Mines. Several Strikers Arrested.

By Telegraph to the Morning Star

WILKESBARRE, PA., Sept. 30.—President Mitchell is still silent on the result of the conference held in Philadelphia on Monday. He says he is not in a position to speak, but declares hat the party he was in conference with did not represent the coal operators.

An explosion took place at the Exeter mines to-day. It is impossible to get any particulars of the affair. It is said three men were badly burned and one has since died.

To-night President Mitchell talked over the long distance telephone with a party in New York. It is rumored that Mr. Mitchell may go to New York any time now.

Detachments from the Eighth and Ninth regiments have made tours of the Wyoming and part of the Lackawanna regions to-day, but found no crowds at the mines.

The strikers are peaceful now, the feeling being strong among them that an end is near and that no more agitation is needed.

Military On Trains.

SHAMOKEN, PA., September 30 — At the request of the Pennsylvania Railroad Company General Gobin tonight detailed a company of infantry to accompany the miners' accommodation train from Mount Carmel to this place, because it was feared the strikers would hold the train in search of non-unionists, as was the case near Green Ridge yesterday. A military escort will be accorded the train on its daily trips until further notice.

Strikers Arrested.

SHENANDOAH, PA., Sept. 30.—Sheriff Knorr, of Columbus county, arrested 127 strikers at Centralia this afternoon. They were charged with rioting and inciting to riot. The sheriff attended a special meeting of the Centralia local union of United Mine Workers at which the 127 men were surrendered. Hearings in the cases will be held at Bloomsburg to-morrow.

Citizens' Conference.

PHILADELPHIA, Sept. 30.—Mayor Ashbridge to-day declined to comply with the request of Mayor Maybury, of Detroit, to appoint a delegation of citizens to attend a conference, to be held in that city on October 9th, to devise ways and means for obtaining a reasonable coal supply from the mining regions of Pennsylvania and Virginia. The Mayor's reply is as follows:

"Governor of commonwealth, clergymen and citizens are actively working for a settlement of the strike in the anthracite coal fields in this State. My judgment is the differences will be adjusted and work resumed before the date of the conference named."

NEW ARC LIGHTING SYSTEM.

Remarkable Feat Accomplished by Two Men in a Single Day—The Change.

Within a single day and without the slightest inconvenience or deprivation to the public, the new series enclosed alternating arc light system was installed in Wilmington yesterday and last night every one of the 84 lamps for the city and 13 for the Coast Line and compresses were burning brightly and shining a soft, diffused light that is conceded by everybody to be a great improvement.

This system of lighting was recently referred to in these colums at length and it now remains only to be said that the tremendous task of taking the lamps out and suspending them, was accomplished by two of the most skilled electricians in the service of Consolidated Railways, Light & Power Co. They are Messrs. W. A. Lawrence and Isaac S. King, who got the lights out and made all necessary inside changes from 6 A. M. to 6.50 P. M., when the current was turned on from the Orange street station. The men received the highest commendation from Manager Skelding for their great work and they are deserving of every word of it.

Brigadier General Metts.

Capt. James I. Metts was yestesday the recipient of a very handsome compliment in a personal letter from Gen. Julian S. Carr, written from Clifton Springs, N. Y., appointing him Brigadier General of his staff, to succeed Gen. Francis M. Parker, resigned. In concluding a very graceful letter, in which he pays a high tribute to Gen. Parker, Gen. Carr says to Capt. Metts: "I am happy that I am able to put my hand upon such an efficient successor to Gen. Parker; no man in the entire Division is more entitled to wear this honor than yourself. My love abides with you. Very cordially and sincerely yours," etc.

WARM WIRELETS.

No bulletin was issued from the White House yesterday, but it was stated that the President's condition was satisfactory. He passed a comfortable night.

Application has been made for a charter to build an electric railroad from Cleveland, Tenn., via Brenton, to Darktown, Tenn., the estimated cost to be $400,000.

One hundred horses from the different stables throughout the North, East and West, which will be entered in the racing events of the Southern Interstate Fair, to open in Atlanta October 8th, arrived there yesterday.

NELLIE CROPSEY MURDER CASE.

The Supreme Court of North Carolina Gives Jim Wilcox a New Trial.

FINDINGS OF THE COURT.

The Evidence Was Entirely Circumstantial—Conduct of Spectators Was Sufficient to Prejudice the Jury Trial Again in November.

By Telegraph to the Morning Star

RALEIGH N. C., September 30.—The Supreme Court of North Carolina to-day handed down an opinion in the famous Nellie Cropsey case, in which Jim Wilcox is charged with the murder of Nellie Cropsey in Elizabeth City last November. The court gives Wilcox a new trial.

The case is a familiar one to the public. Nellie Cropsey, a beautiful young girl, disappeared at night from her home in Elizabeth City. She had last been seen with Jim Wilcox, a young man at one time her sweetheart. Suspicion fell on him, but he was not arrested. Thirty seven days afterwards her body was found in Pasquotank river, and Wilcox was arrested. He was tried and sentenced to be hanged. He stoutly declared his innocence and an appeal to the Supreme Court was taken.

In granting a new trial the Supreme Court says the evidence was entirely circumstantial; that the jury does not seem to have given the necessary, cautious and vigilant attention to the evidence or to the presentation of the prisoner's case by counsel. It says that the conduct of the spectators in and about the court was sufficient to prejudice the jury "No such demonstrations," reads the opinion, "were ever witnessed in our State before."

Among these demonstrations were the people leaving the court room in a body and a fire alarm rung. The court does not find the jury was influenced by these things, but viewing all of this disorderly conduct, it says the trial was not conducted in proper form of law and gives a new trial to Wilcox, which it says must be attended by no such demonstration of lawlessness and intimidation as were present on the former occasion.

The next term of the court begins in Pasquotank county on November 17th and the case will be heard again at that term.

RALEIGH, N. C., Sept. 30.—The Supreme Court grants a new trial to James Wilcox, under sentence to be hanged at Elizabeth City for the murder of Nell Cropsey.

The grounds for the new trial are demonstrations of lawlessness and intimidation during the closing scenes of the trial for the purpose of influencing the jury against the prisoner. In the course of the opinion the court says:

"In reading the record it hardly seems possible that the jury could have given that cautious, vigilant attention to the evidence, which the law requires of them, or the presentation of the prisoner's case to them by his counsel was not given that thought, which the importance of the case demanded. In their immediate presence, a hundred people in their deliberate purpose to prejudice the rights of the prisoner, committed a great wrong against the commonwealth and a contempt of the court. On the outside of the court house, great improprieties took place for the purpose of prejudicing the prisoner with the jury. No such demonstrations were ever witnessed in our State before, and for the honor of the commonwealth, such ought not to be repeated.

"The propriety of our ruling is strengthened by the circumstances that contempt proceedings were not commenced against those offending, and that no motion was made to set the verdict aside and for a new trial after such unheard of demonstration. Counsel for the prisoner in his argument here, in response to a question, stated that if the verdict had been set aside the prisoner would have met violent death in an instant.

"The prisoner must not only be tried according to forms of law, these forms being included in the expression, 'the law of the land,' but the trial must be unattended by such influences and such demonstrations of lawlessness and intimidation as were present on the former occasion.

"The courts must be for civilization; for proper administration of the law in orderly proceedings. There must be a new trial in this case."

OVERMAN TO-MORROW NIGHT.

Will Be Heard Here in the Court House. Tour in the East.

Hon. Lee S. Overman, candidate for the United States Senate, will be introduced by Mr. M. S. Willard upon the occasion of his speech here in the Court House to morrow night. The public, including the ladies, are cordially invited to hear him.

A special to the STAR from Newbern last night says:

"Good crowds greet Hon. Lee S. Overman on his march through the east. Yesterday he spoke at Beaufort and Morehead City and to-day at Pollocksville; to-morrow he speaks at Jacksonville, Thursday night at Wilmington, Friday at Burgaw, and Saturday at Warsaw; his reputation as a public speaker of great force and eloquence is being fully sustained. There seems to be a growing sentiment in the East as well as in the West favorable to Overman as the successor of Senator Pritchard.

"C. J. RIVENBARK."

Mr. Sears Goes to Whiteville.

Mr. P. H. Sears, a popular young Wilmingtonian, has resigned the superintendency of the Angola lumber mill and will leave to-day to accept a similar position with the Whiteville Lumber Co., at Whiteville, N. C. Mr. Sears will go first, however, for a business trip for the new company through South Carolina and perhaps into Georgia. Then he will begin his duties at the mill at Whiteville. Mr. Sears is a young man thoroughly conversant with every branch of the milling industry; has had wide experience; is honest and conscientious and will rise rapidly. Many friends regret his leaving this city.

Pay Handsome Dividends.

The difference between good and bad roads is often equivalent to the difference between profit and loss. Good roads have a money value to the farmers as well as a political and social value, and, leaving out convenience, comfort, social and refined influences which good roads always enhance and looking at them only from the almighty dollar side, they are found to pay handsome dividends each year.

BUSINESS LOCALS.

Grand Semi-Annual Opening

AND GREAT DISPLAY OF

FALL MILLINERY, DRESS GOODS AND SILKS,

Notions and Fancy Goods, Shirt Waists and Cloaks and Baby Caps.

All the ladies and gentlemen are cordially invited to attend the Fall Opening of the RACKET STORE

Thursday and Friday, October 2nd and 3rd.

Our Store will be open both evenings till 9:30 P. M.

EVERYBODY IS INVITED.

We will furnish the best of music and promise to show you the finest and largest stock of new Fall Millinery of any store in North Carolina.

Our fine pattern Hats, which number up in the hundreds, will all be on exhibition, and we think we can show you more pretty, stylish, up-to-date Hats, made up in the latest creation of Fall styles, selected with great care and skill by Miss Brown, and especially adapted to suit the many thousands of ladies who buy their Millinery from us.

Our pocket-book is large enough and our mind and experience is broad enough to try to buy enough different styles to suit every one.

We would like to call attention to and ask your examination on visiting our store to our prices; we will try to have our Pattern Hats all marked in plain figures, and we think you will find our prices almost half of other people's.

Remember the days. The opening days will begin Thursday morning, October 2d, and our goods will be kept on exhibition subject to every one's inspection until Friday evening at 9:30 o'clock.

In our Dress Goods department we claim to have the largest stock ever shown by any store in the city of Wilmington.

We think your wants in this line can be cared for and supplied to the best satisfaction. Our foreign and domestic wear represent all the latest styles. We have them in all widths and prices, from $1.20 per yard down to 10c. per yard.

In Silks we have Taffettas, Peau-de-Lovies, Moires, Satins and Liberty Satins. Our shelves are full and our prices are as follows:

Five-yard wide taffeta in good quality is $1 per yard; our warranted taffeta, every yard guaranteed, is $1.10; our Peau-de-Loies are 60c, 75c and $1 per yard; beautiful Moire silks 27 inches wide are 27c per yard; black satin duchess 27 inches wide are 75c; all colors in satin liberties are 50c per yard, regular 98c per yard. Taffetines are 25c per yard. We have tried to decorate our large store as tastily as possible and will endeavor to entertain you royally if you will come and see us on our opening days; we will appreciate it. Our young ladies have tried very hard to make our store and stock look attractive and they will take great pains in showing you through.

Opening days are Thursday and Friday, Oct. 2nd and 3rd.

Wilmington's Big Racket Store

GEO. O. GAYLORD, PROPRIETOR.

The Critical Judges of Style

say we are entitled to the premium for the most complete stock in the city. The first floor contains the leading Novelties of the season with daily arrivals of the rarest things in

DRESS GOODS AND LININGS.

Why deal out cheap stuff if you can sell finer goods; times are too good.

Table Damask.

Tome twenty-five to thirty pieces—in white and cream. We wish you to see them; the patterns, quality and prices will astonish you.

The Domestic Stock is full of such staples as you will need. So many are saying such nice things about our

Carpets and Rugs, and Mattings

too, enough to cover the town.

Pleating & Fluting

is done by us at moderate prices.

"American Lady" and "Her Majesty" and other Corsets, in all sizes. Butterick Patterns.

Respectfully,

A. D. BROWN.
